

Infinity Metallurgical video optical system

- ◆ High Magnification microscope syste
- ◆ Support 2/3" sensor size
- ◆ 1X optical magnification
- ◆ Built in coaxial light with adjustable iris to control light flux without adjusting the shutter or gain of the camera
- ◆ Optimige the range of visible spectra to NIR spectra

Optional

- ⊗ Double CCD adapter
- ⊗ Double light source
- ⊗ Nosepiece can connect different magnification objective to meet various inquiry
- ⊗ Polarized light source
- ⊗ Can add DIC stand and stage
- ⊗ 5X,10X,20X,50X,60X,100X Infinity plan achromatic
- ⊗ APO 2X,5X,5.8X,10X,50X100X Apochromatic
